He noted that no further objections have been received from Ms. Bryant or written/verbal objections from anyone else.

Mr. Carter did question why two different events for two different places to be held in two different months were included in this one application. He noted that he had discussed this with Ms. Therrien who explained that the two separate events could be included in the one application. Mr. Carter commented that even though he thought the two events should have been submitted as two different applications but he would support the application as presented. Mr. Bill Burke, applicant, said that he thought the two events could be covered in the one application.
