Independent Auditor's Report

Board of Selectmen Town of Machias, Maine

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Machias, Maine as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Machias, Maine, as of June 30, 2022 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Machias, Maine, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

n preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Town of Machias, Maine's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
 or error, and design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the amounts and disclosures in the financial
 statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of Town of Hartland, Maine's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about Town of Machias Maine's ability to continue as a going concern for a
 reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion, analysis, budgetary comparison information, pension, and OPEB information on pages 7 through 15 and 58 through 65 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board*, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Town of Machias Maine's basic financial statements. The supplementary information on Schedules 1 through 6 and the schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for additional analysis and are not a required part of the basic financial statements. The reconciliation of audit adjustments to annual financial data submitted to Maine Education Financial System is presented as required by the laws of the State of Maine and is also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, Schedules 1 through 6, the schedule of expenditures of federal awards, and the reconciliation of audit adjustments to annual financial data submitted to Maine Education Financial System are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

Brantner Chibodian & gssociates

In accordance with *Government Auditing Standards*, we have also issued our report dated July 2, 2024, on our consideration of the Town of Machias, Maine's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Machias, Maine's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Machias, Maine's internal control over financial reporting and compliance.

Bangor, Maine July 2, 2024

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) (UNAUDITED)

The Management Discussion and Analysis ("MD&A") is a report of the Town of Machias' fiscal activity for the year ending June 30, 2022 compared with 2021. The report is presented in a manner that fairly represents the Town's present financial position in respect to all funds and accounts. Included is all the information to accurately understand the Town's financial position, and the data is correct to the best of our knowledge and belief.

The report includes funds and accounts the Town of Machias is required, either by legal or fiduciary duty, to maintain in the operation of all services. The use of the additional financial statements is encouraged to more fully understand the report.

The financial information of the Town includes all town departments. All town departments include municipal departments (Administration, Sewer, Public Works, Protection, and others) and the school department. The school department and all other municipal departments combined are what comprise the Town. The financial statements and assets include the municipal and school departments as one total. The combination of these gives the true financial status of the Town of Machias.

GENERAL INFORMATION

The Town has a current population of 2,105 residents but continues to serve as an economic hub and service center for many of the surrounding communities in Washington County. It is home to the County courthouse, jail, administration and Sheriff offices, the hospital, the University of Maine at Machias, dozens of nonprofits and several corporate headquarters.

The Town continues to be successful in obtaining grant funding securing over \$2 million for the ongoing wastewater treatment facility upgrade and the development of a second, longer runway for the airport. The Town continues to successfully encourage more housing and business development, notably through the use of TIF zones, while it continues to struggle with aging infrastructure, in particular the stormwater management system, roads and sidewalks.

The Town Administration is responsible for the accounting structure of the community. This structure includes the establishment of financial controls that protect the Town from loss and misuse. All accounting information is maintained and reported using generally accepted accounting principles (GAAP). Further, the administration performs constant review of all services to promote and assure optimum utilization of resources to provide the services requested by the community. All services are reviewed using a cost benefit analysis that considers the need and demand for the service provided balanced against the cost to the community as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) (UNAUDITED)

The following is a summary of the financial highlights of the Town for the fiscal year:

- The balance of the Town's cash and investments as of June 30, 2022 was \$8,021,434.
- On a budget basis the Town ended the year with a positive budget variance of \$1,205,998 in revenues and \$56,764 in expenses.

OVERVIEW OF FINANCIAL STATEMENTS

The discussion and analysis is an introduction to the Town's basic financial statements. The basic financial statements are prepared and are part of the Town's annual audit. The MD&A serves as a subjective explanation by the Town of the data contained in the audit. The three areas that the financial statements are broken into include: 1. Government-Wide statements, 2. Fund Financial statements, and 3. Notes to the financial statements. Subjective analyses of the statements are also made and other supplementary information to better explain the statements.

Government-Wide Financial Statements

The government-wide statements are a total overview of the Town's financial status. They include all assets, liabilities, and activities in a manner similar to private sector accounting. The purpose is to show Town finances in a format that is familiar to the common person.

The statement of net position is used to express the financial data required for the government-wide financials. This shows the total assets which now include land, buildings, inventory, and other capital assets. These are then reduced by the liabilities which now include total bonds and leases due over their entire lives and deferred inflows of resources, such as prepaid taxes. The result is the net position of the Town.

Government-wide statements distinguish business type activities from governmental activities. Business type activities are those that are funded through use fees or user based revenue, no tax dollars being the key separation from governmental activities. It then follows that governmental activities are those that are primarily funded through taxes and governmental fees. The business-type activities of Machias are sewer, solid waste disposal, ambulance and the telcenter.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) (UNAUDITED)

Fund Financial Statements

Governmental Funds

Most of the Town's basic services are reported in governmental funds, which focuses on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed shorter-term view of the Town's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. The differences of results in the governmental fund financial statements to those in the government-wide financial statements are explained in a reconciliation following each governmental fund financial statement. The Town considers the general fund and the special revenue fund for school grants to be major governmental funds.

Notes to Financial Statements

The notes to the financial statements are included in the audit to give specific comment to certain areas. These are a crucial part of the audit and are closely monitored by Town administration. The reason they are monitored is that they provide additional insight into activities of the Town. These can show areas of strength and weakness for continued success and improvement. The notes to the financial statements are included on pages 25-57.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning financial performance (budget and actual with budget to GAAP differences and budget and actual with variances). Required supplementary information can be found on pages 58-65.

The report also presents combining schedules for non-major governmental and proprietary funds and other supplementary information following the required supplementary information.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) (UNAUDITED)

GOVERNMENT-WIDE ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. In the case of the Town, assets exceeded liabilities by \$27,317,822 as of June 30, 2022.

Net Position for the Period Ending June 30, 2022 and 2021

	Governmen	tal Activities	Business-ty	pe Activities	То	tal

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) (UNAUDITED)

The narrative that follows considers the operations of governmental and business-type activities separately.

Governmental Activities

For the year ended June 30, 2022, the Town's net position for governmental activities increased by \$1,231,999.

Expenses of governmental activities include depreciation expense of \$518,739. Depreciation expense has been allocated and is included in various function/program expenses of the Town.

General revenues consist of all revenues that are not considered to be program revenues or charges for services. General revenues for the year ended June 30, 2022 totaled \$4,146,185 an increase of \$321,424 from June 30, 2021. Of this amount, \$2,813,949 was from local property taxes.

Reclassifications of \$1,479,173 from fiduciary funds to special revenue fund for implementation of GASB 87 occurred in year ended June 30, 2021.

Business-type Activities

As previously mentioned, the Town's business-type activities consist of its sewer, solid waste, ambulance and telcenter funds.

During the year ended June 30, 2022, the Town's net position from business-type activities decreased by \$326,319.

Financial Analysis of the Town's Funds

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with financial-related legal requirements.

Governmental funds

The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. As the Town completed the year, its governmental funds reported a combined fund balance of \$9,096,867, \$1,081,018 higher than the previous year. An analysis of transactions affecting the change in the combined fund balance of the Town's governmental funds is as follows:

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) (UNAUDITED)

Revenues include property taxes totaling \$2,900,279 or 23% of totals. Excise taxes accounted for \$313,388 in total revenue. Intergovernmental revenues were \$8,643,552 or 70% of overall totals.

On behalf payments amounted to \$359,461 during the year ended June 30, 2022. Additional information on these "on-behalf" payments can be found in the notes to the basic financial statements.

The intergovernmental revenues include federal and state subsidies and contributions and the school department.

Total governmental fund expenditures for the year were \$11,326,957, \$690,181 higher than the previous year.

The Town capitalized \$837,415 of capital outlays in governmental activities.

Additional information on the Town's long-term debt can be found in the notes to the basic financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) (UNAUDITED)

REQUIRED SUPPLEMENTARY INFORMATION

General Fund Budgetary Discussions

The Town recognizes revenues and expenditures on a budget basis that differs from how revenues and expenditures should be recognized under generally accepted accounting principles (GAAP).

Additional information about this difference can be found on pages 59 and 60 of the financial statements.

During the year, actual revenues exceeded budgeted revenues by \$1,205,998. Most of this variance resulted from increases in intergovernmental revenues and excise taxes.

Budgeted expenditures exceeded actual expenditures by \$56,764 with underexpended education contributing \$37,439. The Town overspent its town public works activities by \$56,760 and capital outlay \$9,850 for unanticipated costs.

Economic Factors and Next Year's Budgets and Rates

The Machias Board of Selectmen and the Town Manager do not anticipate any significant economic factors during the next fiscal year that would have an adverse effect upon the Town's financial position. The municipal budget for the 2022-23 fiscal year has a total increase in the mil rate for taxation.

REQUEST FOR INFORMATION

The financial report is designed to provide our citizens, customers, investors and creditors with general overview of the Town's finances. If you have questions about this report or need any additional information, contact the Town Manager or the Finance Director, at PO Box 418, Machias, Maine 04654 or call (207) 255-6621.

Town of Machias, Maine Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2022

Net change in fund balances - total governmental funds:		\$ 1,081,018
Amounts reported for Governmental Activities in the Statement of Activities are different because:		
Governmental funds report outlays for capital assets as expenditures because such outlays use current financial resources. In contrast, the Statement of Activities reports only a portion of the outlay as expense. The outlay is allocated over the assets' estimated useful lives as depreciation expense for the period. Capital outlays Depreciation	\$ 837,415 (518,739)	318,676
Governmental funds report the entire net sales price (proceeds) from sale of an asset as revenue because it provides current financial resources. In contrast, the Statement of Activities reports only the gain on the sale of the assets. Thus, the change in net position differs from the change in fund balance by the cost of the asset sold.		(649)
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. More specifically, this amount represents the change in deferred property taxes.		(86,331)
Governmental funds report bond proceeds as current financial resources. In contrast, the Statement of Activities treats such issuance of debt as a liability. Governmental funds report repayment of bond principal as an expenditure, In contrast, the Statement of Activities treats such repayments as a reduction in long-term liabilities. Debt repayments Accrued interest payable	\$ 307,093 5,614	312,707
Some expenses reported in the statement of activities do not require the use of current financial resources and these are not reported as expenditures in governmental funds:		
Net change in pension related liability, deferred inflows and outflows Net change in OPEB related liability, deferred inflows and outflows Compensated absences not reflected on Governmental funds	_	(1,316) (42,360) (23,427)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Machias, Maine, was incorporated in 1784 under the laws of the State of Maine. The Town operates under a selectmen-manager form of government and provides the following services: general government services, public safety, public works, sewer, health and welfare, education, library and recreation.

The accounting and reporting policies of the Town relating to the funds included in the accompanying basic financial statements conform to accounting principles generally accepted in the United States of America applicable to state and local governments. Generally accepted accounting principles for local governments include those principles prescribed by the Governmental Accounting Standards Board (GASB), the American Institute of Certified Public Accountants in the publication entitled *Audits of State and Local Governmental Units* and the Financial Accounting Standards Board, when applicable. The more significant accounting policies of the Town are described below.

FINANCIAL REPORTING ENTITY

In evaluating the Town as a reporting entity, management has addressed all potential component units for which the Town may be financially accountable and, as such, should be included within the Town's financial statements. In accordance with GASB's Codification of Governmental Accounting and Financial Reporting Standards, the Town is financially accountable if it appoints a voting majority of the organization's governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefits or to impose specific financial burdens on the Town. Additionally, the Town is required to consider other organizations for which the nature and significance of their relationship with the Town are such that exclusion would cause the reporting entity's financial statements to be misleading. Based on the application of these criteria, there are no entities that should be included as part of these financial statements.

BASIC FINANCIAL STATEMENTS – GOVERNMENT-WIDE STATEMENTS

The government-wide financial statements report information of all activities of the Town, except for fiduciary funds. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The business-type activities of the Town include the sewer fund, solid waste facility fund, the ambulance fund, and the Telcenter fund, a property held for leasing to businesses for the purpose of economic development.

The statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given program; and 2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

BASIC FINANCIAL STATEMENTS – FUND FINANCIAL STATEMENTS

The Town segregates transactions related to certain functions or activities in order to aid financial management and to demonstrate legal compliance. Separate statements are presented for governmental, proprietary, and fiduciary activities. The governmental and proprietary statements present each major fund as a separate column on the fund financial statements; all non-major funds are aggregated and presented in a single column, when applicable. The fiduciary statements aggregate and present each fund type as a separate column on the fund financial statements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BASIC FINANCIAL STATEMENTS - FUND FINANCIAL STATEMENTS (CONTINUED)

Governmental Funds

Governmental funds are those funds through which most governmental functions typically are financed. The measurement focus of governmental funds is on the sources, uses and balance of current financial resources.

The Town has presented the following major governmental funds:

General Fund

The general fund is the primary operating fund of the Town and is always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

Special Revenue Fund- School Funds

The special revenue fund – school funds is used to account for the proceeds of specific revenue sources that are legally or contractually restricted to expenditures for specified purposes. This fund includes federal and state grants for specific education purposes as well as student activity and scholarship funds.

Capital Projects Fund

The capital projects fund is used to account for all resources for the acquisition or construction of capital facilities or items by the Town.

Proprietary Funds

Proprietary funds are accounted for using the economic resources measurement focus and the accrual basis of accounting, in essentially the same manner as a private entity. The accounting objectives are determinations of net income, financial position and cash flow.

The Town has presented the following major proprietary funds:

Sewer Fund

Activities of the fund include administration, operations and maintenance of the sewer system and billing and collection activities. The fund also accounts for the accumulation of resources for, and the payment of long-term debt for the sewer fund. All costs are financed through charges to utility customers with rates reviewed regularly and adjusted if necessary, to ensure integrity of the fund.

Solid Waste Fund

Activities of the fund include solid waste disposal and maintenance of the facility. Costs are financed from user charges and Town contributions.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BASIC FINANCIAL STATEMENTS - FUND FINANCIAL STATEMENTS (CONTINUED)

Proprietary Funds (Continued)

Ambulance Fund

Activities of the fund include medical transportation services and repairs and maintenance of vehicles. Costs are financed from user charges and Town contributions.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. Operating expenses for the proprietary funds include the cost of personnel, contractual services, and supplies. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

MEASUREMENT FOCUS/BASIS OF ACCOUNTING

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide statements and the fund financial statements for proprietary funds and fiduciary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities, whether current or non-current, are included on the statement of net position and the operating statements present increases, revenues, and decreases, expenses, in net total position. Under the accrual basis of accounting, revenues are recognized when earned, including unbilled sewer services which are accrued. Expenses are recognized at the time the liability is incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; i.e., when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The Town considers property taxes as available if they are collected within 60 days after year end. A one-year availability period is used for recognition of all other governmental fund revenues. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures and compensated absences expenditures are recorded only when payment is due.

The revenues susceptible to accrual are property taxes, intergovernmental revenues and charges for services. All other governmental fund revenues are recognized when received.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BUDGETS AND BUDGETARY ACCOUNTING

The Town utilizes a formal budgetary accounting system to control revenues accounted for in the general fund. These budgets are established in accordance with the various laws which govern the Town's operations.

Payments made by the State of Maine to the Maine Public Employees Retirement System for teachers and certain other school employees are reported as offsetting revenues and expenditures of the general fund in accordance with generally accepted accounting principles.

Generally, appropriations for the general fund and the enterprise funds lapse at year end, except for balances approved to be carried forward by Board of Selectmen. In accordance with legal requirements of the State of Maine all education balances are continued.

Formal budgets are not adopted for the other funds. Grant procedures for many of the revenues included in the special revenue funds require submission of a budget. However, such budgets are not subject to formal adoption procedures and are normally prepared based upon the grant period which does not necessarily correspond with the Town's fiscal year.

FINANCIAL STATEMENT AMOUNTS

Cash, Cash Equivalents, and Investments

For purposes of the statements of net position and cash flows, the Town considers all highly liquid investments with a maturity of three months or less to be cash equivalents. Additional information is presented in Note 2.

Investments are carried at fair value. Additional information, including the composition of investments, is presented in Note 2.

Inventories

Inventories of food and supplies in the school lunch program are valued at cost, determined on a first in, first out (FIFO) basis.

Interfund Receivables and Payables

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Interfund receivables and payables between funds within governmental activities are eliminated in the government-wide financial statement of net position. Any residual balances between the governmental activities and fiduciary funds are reported in the statement of net position as "due to/from fiduciary funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the statement of net position as "internal balances".

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FINANCIAL STATEMENT AMOUNTS (CONTINUED)

Interfund Transfers

Legally authorized transfers are treated as interfund transfers and are included in the results of operations of the governmental funds on the fund financial statements. For the purposes of the government-wide statement of activities, all interfund transfers between individual funds within governmental activities and individual funds within business-type activities have been eliminated.

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the fund financial statements for proprietary funds. All capital assets are valued at historical cost or estimated historical cost if actual historical is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenses. Renewals and betterments are capitalized.

Assets capitalized have an original cost of \$5,000 or more and over one year of useful life. Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

Buildings	20-50 years
Sewer systems	50-100 years
Roads and parking lots	20-50 years
Machinery and equipment	3-50 years
Vehicles	3-25 years

The Town elected to utilize the infrastructure transition option in the implementation of GASB Statement #34 which does not require the Town to retroactively capitalize certain infrastructure assets.

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FINANCIAL STATEMENT AMOUNTS (CONTINUED)

Long-term Liabilities

The accounting treatment of long-term liabilities depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term liabilities to be repaid from governmental and business-type resources is reported as liabilities in the government-wide statements. The long-term liabilities consist of notes, bonds and financed purchased fixed assets payable, net pension and other post-retirement benefits obligations (OPEB) liability and compensated absences liability.

Long-term liabilities for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary fund is the same in the fund statements as it is in the government-wide statements.

The Town's policy regarding vacation and sick time permits employees to accumulate earned but unused vacation and sick leave. The liability for these governmental compensated absences is recorded on the government-wide financial statements. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources, while the proprietary funds report the liability as it is incurred.

Pensions and Other Post-Retirement Benefits Obligations (OPEB)

For purposes of measuring the net pension and OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension and OPEB expense, information about the fiduciary net position of the State Employees and Teachers (SET) Pension Plan and OPEB Plan and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the SET plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

Use of Estimates

Preparation of the Town's financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent items at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

Government-wide Net Position

Net position represents the difference between assets and liabilities in the government-wide financial statements.

Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for those assets, and adding back unspent proceeds.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FINANCIAL STATEMENT AMOUNTS (CONTINUED)

Government-wide Net Position (Continued)

Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislations adopted by the Town or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The remaining net position is reported as unrestricted. For expenditures that qualify for either classification, amounts will be first spent from restricted net position then from unrestricted net position.

Governmental Fund Balances

Fund balance represents the difference between assets and liabilities in the fund financial statements. Fund balance must be properly reported within one of the five fund balance categories listed below:

Nonspendable, such as fund balances associated with inventories or prepaid expenses. The nonspendable fund balance may also include amounts that are required to be maintained intact, such as the corpus of an endowment fund.

Restricted fund balance category includes amounts that can be used only for the specific purposes stipulated by constitution, grantors or through enabling legislation.

Committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the Town's highest level of decision-making authority, which is the passage of a resolution by simple majority vote of the Town Meeting.

Assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed. Funds may be assigned by simple majority vote of the Town Meeting, upon passage of a budget ordinance in which fund balances are used to balance the budget, or by the Board of Selectmen, under authority granted by the Town's fund balance policy.

Unassigned fund balance is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications.

The Town has formally adopted a fund balance policy that addresses the requirements of GASB 54. For expenditures that qualify for multiple categories, amounts will be first spent from restricted fund balance, followed by committed fund balance, then assigned fund balance, and finally unassigned fund balance.

Revenue Recognition - Property Taxes

Property taxes were levied on assessed values of April 1, 2021 and were due on October 15, 2021 and March 15, 2022, respectively. Interest was charged at 6% per annum as authorized by Maine Law on amounts not paid by the due date. Upon the expiration of eight months, and within one year from the date of original commitment, a tax lien is recorded for all delinquent taxes on real estate. If taxes were paid in full by October 15, 2021, a 2% discount was applied.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FINANCIAL STATEMENT AMOUNTS (CONTINUED)

Revenue Recognition - Property Taxes (Continued)

For purposes of the fund financial statements, property taxes assessed and collected during the year ended June 30, 2022, and during the first sixty days of the next fiscal year are recognized as revenue in 2022. Receivables estimated to be collectible after the sixty-day period are recorded as deferred inflows of resources in the general fund.

Assessed value	
Real estate	\$131,881,650
Personal property	5,739,700
	\$137,631,350
Tax rate (per \$1,000)	20.70
Commitment	\$ 2,848,763
Less collections, discounts and abatements	(2,667,760)
Receivable at June 30, 2022	<u>\$ 181,003</u>
Collection rate	94%

Recent Accounting Pronouncements

The Town implemented the Governmental Accounting Standards Board (GASB) Statement No. 87, Leases. This statement improves financial reporting by increasing the usefulness of governments' financial statements by requiring reporting of certain lease liabilities that currently are not reported. It will enhance comparability of financial statements among governments by requiring lessees and lessors to report leases under a single model. This Statement also will enhance the decision-usefulness of the information provided to financial statement users by requiring notes to financial statements related to the timing, significance, and purpose of a government's leasing arrangements. There was no effect on the financial statements as a result of implementing for the year ended June 30, 2022.

NOTE 2. CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash and Cash Equivalents

Custodial Credit Risk: Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The Town does not have a deposit policy for custodial credit risk. As of June 30, 2022, the Town reported deposits of \$6,749,654 with bank balances of \$7,021,452. All of the Town's bank balances were collateralized by FDIC insurance and other collateral, and therefore, none were exposed to custodial credit risk.

Deposits have been reported as follows:

Reported in governmental funds

\$6,749,654

Investments

Statutes authorize the Town to invest in certificates of deposit, repurchase agreements, and other available bank investments. In addition, the Town can invest in direct debt securities of the United States unless such an investment is expressly prohibited by law. The trust and agency fund is also authorized to invest in various instruments in accordance with laws of the State of Maine.

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The Town's investments at June 30, 2022 are as follows:

Money market accounts	\$	17,053	Level 1
US Treasury Bills and Notes		211,697	Level 2
Federal National Mortgage		188,714	Level 1
Federal Home Loan Mortgage Corp		233,868	Level 1
Common stock, Machias Water Co.		623,448	Level 3
Total investments	<u>\$1</u>	,247,780	

Custodial Credit Risk: Custodial credit risk is the risk that in the event of failure of the counterparty, the Town will not be able to recover the value of its investments. The Town does not have an investment policy for custodial credit risk. As of June 30, 2022, the Town has no investments subject to custodial credit risk.

Concentration of Credit Risk: The Town's investment in common stock meets the criteria to be classified as a concentration of credit risk investment. The investment of \$623,448 in the Machias Water Company makes up approximately 48% of the Town's total investments. The Town does not have a policy related to concentration of credit risk.

NOTE 2. CASH, CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

Investments (Continued)

Interest Rate Risk: The Town does not have a policy related to investment rate risk. The Town is required to disclose the interest rate risk of its debt investments as follows:

	Due in less than one year	Due in 1-5 years	
Federal National Mortgage Federal Home Loan Mortgage Corp US Treasury Notes	\$ - 97,328 <u>59,438</u> \$ 156,766	\$ 188,714 136,540 <u>152,259</u> \$ 477,513	

Investments have been reported as follows:

Reported in governmental funds	\$ 531,163	3
Reported in proprietary funds	743,617	7
•	-	_
Total investments	\$1,274,780)

On November 14, 1992 the Town's sewer enterprise fund received 186 shares of stock of the Machias Water Company and purchased another 26 shares in 2001 representing a 46.50% ownership interest. The Town values its interest on the equity method based on the water company's book values at the end of its fiscal year which is December 31. At December 31, 2021 the Town's interest has been valued at \$623,448 and is included in the proprietary funds.

NOTE 3. ACCOUNTS RECEIVABLE

The proprietary fund - ambulance fund records an allowance for uncollectible receivables based on a percentage of Medicaid covered charges for services. The allowance for the year ended June 30, 2022 is \$159,495 based on an estimate of 46% of total receivables.

NOTE 4. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2022, was as follows:

	Balance	Additions/	Retirements/	Balance
	6/30/21	Completions	Reclassifications	6/30/22
Governmental Activities	0,00,21	Gompionone	TOURCOMOUNT	0,00,12

	\$ 673,215	\$	38.587	5	\$ 969.831	\$	161.308	\$	1.842.941

NOTE 5. LONG-TERM LIABILITIES (CONTINUED)

In accordance with Maine law, no municipality shall incur debt for specific purposes in excess of certain percentages of State valuation of such municipality. At June 30, 2022, the Town was in compliance with these limitations.

Financed purchased fixed assets payable

The Town is the lessee of photocopiers under a financed purchased fixed asset lease expiring in 2024 and 2025. The liabilities under financed purchased fixed assets are recorded at the lower of the present value of the minimum lease payments or the fair market value of the asset acquired.

As of June 30, 2022, the Town had recorded \$118,212 in governmental activities equipment related to outstanding financed purchased fixed assets. Amortization of these assets is included with depreciation expense. Accumulated depreciation for these assets at June 30, 2022 is \$76,670.

Future payments under purchased fixed assets as of June 30, 2022 are:

	Principal	Interest	Total
2023	\$ 22,740	\$ 1,352	\$ 24,092
2024	19,471	517	19,988
2025	4,629	27	4,655
	\$ 46,840	\$ 1,896	\$ 48,735

NOTE 6. INTERFUND TRANSACTIONS

During the course of normal operations, the Town has numerous transactions between funds including expenditures and transfers.

Individual fund interfund receivable and payables balances at June 30, 2022 arising from these transactions and interfund transfers were as follows:

	Receivable	Payable	Transfers in	Transfers out
General fund	\$813,553	\$ -	\$ -	\$ 278,576
Special revenue- school grants	-	1,161,437	-	-
Capital projects fund	611,084	-	49,930	_
Sewer fund	33,361	-	98,509	-
Solid waste fund	-	235,782	65,000	-
Ambulance fund	35,752	97,430	25,380	26,430
Non-major proprietary funds	7,073	-	-	, _
Non-major governmental funds	36,801	42,975	<u>66,187</u>	
	\$1,537,624	<u>\$1,537,624</u>	\$ 305,006	\$ 305,006

The outstanding balances between funds result mainly from short-term cash flow needs that are funded by the general fund, as it holds the Town's checking account. Transfers were used to move funds from the general fund in accordance with budgetary authorizations, including debt payments of \$98,509 to the proprietary funds, \$23,500 transfers to the capital projects funds from the general fund, a \$66,187 transfer to the other governmental fund - school lunch fund, transfer of \$26,430 from the ambulance fund to the capital projects fund, \$25,380 from the general fund to the ambulance fund and \$65,000 to the solid waste facility proprietary fund.

NOTE 7. NET INVESTMENT IN CAPITAL ASSETS

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds payable, adding back any unspent proceeds. The Town's net investment in capital assets was calculated as follows at June 30, 2022:

	Governmental Activities	Business-type Activities
Capital assets	\$ 17,397,840	\$ 17,924,851
Accumulated depreciation	(7,744,069)	(6,954,894)
Related bonds payable	(673,215)	(833,754)
Related purchased fixed assets payable	(46,840)	
Total balance	<u>\$ 8,933,716</u>	<u>\$ 10,136,203</u>

NOTE 8. NET POSITION - RESTRICTED - EDUCATION

At June 30, 2022 the Town's restricted for education was comprised as follows:

General education	\$ 3,249,412
Adult education	12,760
CTE equipment	3,492
Early college – Bridge fund	122,605
Ellsmore donation	729
Field donation	5,250
Mini grant	3,258
MLTI	26,732
Transitions	370
MELMAC grant	6,914
Total	<u>\$ 3,431,522</u>

NOTE 9. FUND BALANCE - RESTRICTED -OTHER PURPOSES

At June 30, 2022 the Town's general fund balance restricted for other purposes was comprised as follows:

Tax increment financing Airport Committee	\$ 159,055 933
ARPA federal funds	214,332
Healthy Maine Streets grant	5,791
Total	\$ 380,111

NOTE 10. FUND BALANCE – RESTRICTED – OTHER PURPOSES

At June 30, 2022 the Town's other governmental funds - special revenue fund balance restricted for Town grants and other purposes was comprised as follows:

Mill account	\$ 244.278
Revolving loan fund	8,021
Sewer grant	86
State and local roads	16,345
Maine Waste Management-transfer station	4,990
Station 98	2,965
Thermal imaging camera	1,392
Downtown planning-donations	8,784
Seagull Motel / Nelson Park	1,022
Scholarship funds	175
Total	\$ 288.058

NOTE 11. FUND BALANCES - COMMITTED FOR CAPITAL PROJECTS

At June 30, 2022, the Town's other governmental funds fund balances committed for capital projects were comprised of the following:

NOTE 12. FUND BALANCES - COMMITTED FOR OTHER PURPOSES

At June 30, 2022, the Town's general fund balances committed for other purposes were comprised of the following:

Recreation – facilities and activities	\$	895
Recreation – softball field		2,129
4 th of July		5,297
Concert series		2,400
Board account		3,871
250th Anniversary celebration		1,052
Police academy	;	39,929
Debt service – public safety building		35 <u>,924</u>
Total	\$ 8	39,096

NOTE 13. DEFINED BENEFIT PENSION PLAN

Plan Description

The Town participates in the State Employee and Teacher (SET) Plan, which is a cost-sharing, multiple-employer defined benefit pension plan administered by the Maine Public Employees Retirement System (MPERS), which is a component unit of the State of Maine. MPERS assets are held in trust for the plan beneficiaries. MPERS is established and administered under the laws of the State of Maine.

Benefits Provided

Benefit terms are established in Maine statute. The System's retirement programs provide defined retirement benefits based on members' average final compensation and service credit earned as of retirement. Vesting (i.e., eligibility for benefits upon reaching qualification) occurs upon the earning of five years of service credit (effective October 1, 1999, the prior ten year requirement was reduced by legislative action to five years for State employees and teachers; separate legislation enacted the same reduced requirement for judges, legislators, and employees of PLDs). In some cases, vesting occurs on the earning of one year of service credit immediately preceding retirement at or after normal retirement age. Normal retirement age for State employees and teachers is age 60, 62 or 65. The normal retirement age is determined by whether a member had met certain creditable service requirements on specific dates, as established by statute. The monthly benefit of members who retire before normal retirement age by virtue of having at least 25 years of service credit is reduced by a statutorily prescribed factor for each year of age that a member is below her/his normal retirement age at retirement. The System also provides disability and death benefits which are established by statute for State employee and teacher members and by contract with other participating employers under applicable statutory provisions.

Upon termination of membership, members' accumulated employee contributions are refundable with interest, credited in accordance with statute. Withdrawal of accumulated contributions results in forfeiture of all benefits and membership rights. The annual rate of interest credited to members' accounts is set by the System's Board of Trustees and is currently 0.93%.

NOTE 13. DEFINED BENEFIT PENSION PLAN (CONTINUED)

Contributions

Retirement benefits are funded by contributions from employee and employers and by earnings from investments. Disability and death benefits are funded by employer normal cost contributions and by investment earnings. Member and employer contribution rates are each a percentage of applicable member compensation. Member contribution rates are defined by law or by the MPERS Board of Trustees and depend on the terms of the plan under which a member is covered. Employer contribution rates are determined through actuarial valuations.

Maine statute requires the State to contribute a portion of the School Unit's contractually required contributions. SET plan members are required to contribute 7.65% of their compensation to the retirement system. The State of Maine Department of Education (DOE) is required to contribute 14.29% of compensation for non-federally funded employees. The Town is required to contribute 3.84% of compensation to cover the normal costs for non-federally funded employees. The Town is also required to contribute 18.73% of compensation for federally funded employees.

The contributions for the year ended June 30, 2022 were as follows:

-	Covered Payroll	Contribution Percentage	Contribution Amount
Employee contribution State DOE contribution for non-federally	\$ 2,836,058	7.65%	\$ 216,958
funded employees	2,515,476	14.29%	359,461
Employer contribution for normal costs of non-			
federally funded employees	2,515,476	3.84%	96,594
Employer contribution for federally funded	320,583		60,045
employees	J. J	18.73%	00,040

Proportionate Share of the Net Pension Liability

At June 30, 2022, the Town reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the Town. The amount recognized by the Town as its proportionate share of the net pension liability and the total portion of the net pension liability that was associated with the Town were as follows:

Town's proportionate share of the net	
pension liability	\$ 214,104
State's proportionate share of the net	
pension liability associated with the Town	1,410,408
Total	<u>\$1,624,512</u>

NOTE 13. DEFINED BENEFIT PENSION PLAN (CONTINUED)

Proportionate Share of the Net Pension Liability (Continued)

The net pension liability was measured as of June 30, 2021, and the total collective pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Town's proportionate share percentage of the collective net pension liability was 0.025313%, allocated based on Unfunded Actuarial Liability (UAL) contributions to the plan. This percentage was 0.018944% at the prior measurement date of June 30, 2020.

Special Funding Situation – SET Plan

The Town participates in the SET Plan as a non-employer contributing entity in that the State pays the Initial Unfunded Actuarial Liability (IUAL) associated with the teachers and the local teacher districts pay the normal cost contributions as determined by the actuary.

Actuarial Assumptions

The total pension liability in the June 30, 2021, actuarial valuation was determined using the following actuarial assumptions:

Actuarial valuation date

June 30, 2021

Measurement date

June 30, 2021

June 30, 2021

Actuarial cost method

Entry age normal

Assumptions

Investment Rate of Return 6.50% per annum, compounded annually

Inflation Rate 2.75%

Annual Salary Increases, Including Inflation 2.75% - 11.48%

Cost of Living Benefit Increases 2.20%

Mortality rates are based on the 2010 Public Plan Teacher Benefits-Weighted Healthy Retiree Mortality Table, for males and females, projected generationally using the RPEC 2020 model.

The actuarial assumptions used in the June 30, 2021 valuation for the Plan were based on the results of an actuarial experience study for the period June 30, 2015 through June 30, 2020

NOTE 13. DEFINED BENEFIT PENSION PLAN (CONTINUED)

Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using the buildingblock method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major class of assets. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the target asset allocation as of June 30, 2021 are summarized in the following table:

	Long-Term Expected
Asset Class	Real Rate of Return
Public Equities	6.0%
US Government	2.3
Private Equity	7.6
Real Assets:	
Real Estate	5.2
Infrastructure	5.3
Natural Resources	5.0
Traditional Credit	3.0
Alternative Credit	7.2
Diversifiers	5.9

Discount Rate

The discount rate used to measure the collective total pension liability was 6.50% for 2021 for the SET plan, The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and non-employer entity contributions will be made at contractually required rates, actuarially determined. Based on these assumptions, the fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity Analysis

The following presents the Town's proportionate share of the net pension liability, calculated using the discount rate disclosed in the preceding paragraph, as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

*********	1% Decrease	Current Rate	1% Increase
Proportionate share net pension liability	\$ 562,261	\$ 214,104	\$ (75,772)

NOTE 13. DEFINED BENEFIT PENSION PLAN (CONTINUED)

Pension Expense and Deferred Items Summary

For the year ended June 30, 2022, the Town recognized pension expense of \$158,153 related to the SET Plan. Additionally, the Town recognized revenue of \$359,461 for support provided by the State. For the year ended June 30, 2022, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	SET I	Deferred
	Outflows	Inflows
Differences between expected and		
actual experience	\$ 3,173	\$ 4,377
Changes of assumptions	145,972	· -
Net difference between expected and	•	
actual investment earnings	-	291,734
Changes in proportion	67,135	_
Contributions to plan subsequent to	•	
measurement date	<u> 154,716</u>	
Total	# 270 000	C 000 444
Total	<u>\$ 370,996</u>	<u>\$ 296,111</u>

\$154,716 reported as deferred outflows related to pensions resulting from Town contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred inflows and outflows will be recognized as pension expense as follows:

Year ended June 30	Amount
2023	\$ 26,450
2024	41,305
2025	(66,269)
2026	<u>(81,317)</u>
	<u>\$(79,831)</u>

Pension Plan Fiduciary Net Position

The MPERS fiduciary net position has been determined using the same basis used to determine the net pension liability, deferred outflows and inflows of resources related to pension, and pension expense. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Therefore, benefit and administrative expenses are recognized when due and payable. Investments are reported at fair value.

Detailed information about the MPERS fiduciary net position is available in a separately issued MPERS financial report. That report may be obtained on the MPERS website at www.mainepers.org

NOTE 14. DEFERRED COMPENSATION PLAN

The Town also provides a 457 Deferred Compensation Plan and other retirement plans. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

The Town contributes 6-10% of base pay for participating employees depending on years of continuous service. Employees may elect to contribute any % they wish of earnings up to the annual maximums. The Town made contributions of \$25,393 and employees elected to defer \$25,420 for a contribution of \$50,813 for the year ended June 30, 2022.

NOTE 15. OTHER POST-EMPLOYMENT BENEFIT (OPEB) PLAN OBLIGATIONS - LIFE INSURANCE

Plan Description

The Town participates in the State Employee and Teacher (SET) Group Life Insurance Plan, which is a cost-sharing, multiple-employer defined benefit OPEB plan administered by the Maine Public Employees Retirement System (MPERS), which is a component unit of the State of Maine. MPERS assets are held in trust for the plan beneficiaries. MPERS is established and administered under the laws of the State of Maine.

Benefits Provided

The Group Life Insurance Plans (the Plans) provide basic group life insurance benefits, during retirement, to retirees who participated in the Plans prior to retirement for a minimum of 10 years (the 10-year participation requirement does not apply to recipients of disability retirement benefits). The level of coverage in retirement is initially set to an amount equal to the retiree's average final compensation. The initial amount of basic life is then subsequently reduced at the rate of 15% per year to the greater of 40% of the initial amount or \$2,500.

Contributions and Funding Policy

Premium rates are those determined by the System's Board of Trustees to be actuarially sufficient to pay anticipated claims. Premiums for basic life insurance coverage for retired teachers are paid by the State as the total dollar amount of each year's annual required contribution.

The State of Maine made contributions to the SET plan on-behalf of the Town of \$5,683 for the year ended June 30, 2022. The School Unit and employees are not required to contribute to the SET plan.

NOTE 15. OTHER POST-EMPLOYMENT BENEFIT (OPEB) PLAN OBLIGATIONS - LIFE INSURANCE (CONTINUED)

Proportionate Share of the Net OPEB Liability

The System separately accounts for the two groups within the SET plan, state employees being one group, and teachers the second group. Amounts disclosed for the SET plan reflect only the teachers' group portion, where applicable.

The total portion of the net OPEB liability that was associated with the Town are as follows:

	SET Plan
Town's proportionate share of the net	
OPEB liability	\$ -
State's proportionate share of the net	
OPEB liability associated with the Town	<u>24,258</u>
Total	\$ 24,258

The net OPEB liability for the Town was measured as of June 30, 2021, and the total collective OPEB liability used to calculate the net OPEB liability was determined by actuarial valuations as of that date. Because of the special funding situation in which the State pays the total dollar amount of each year's annual required contribution, the Town's proportion of the OPEB liability was 0% at the end of the measurement period.

Actuarial Assumptions

The total OPEB liability in the June 30, 2021, actuarial valuation was determined using the following actuarial assumptions:

Actuarial valuation date	June 30, 2021
Measurement date	June 30, 2021
Actuarial cost method	Entry age normal
Asset valuation method	Fair value
Assumptions	
Investment rate of return	6.50%
Inflation rate	2.75%
Annual salary increases	2.80%-13.03%

Mortality rates are based on the 2010 Public Plan Teacher Benefits-Weighted Healthy Retiree Mortality Table, for males and females, projected generationally using the RPEC_2020 model.

The actuarial assumptions used for the year ended June 30, 2021 actuarial valuation were based on the results of an actuarial experience study for the period of July 1, 2015 through June 30, 2020.

NOTE 15. OTHER POST-EMPLOYMENT BENEFIT (OPEB) PLAN OBLIGATIONS - LIFE INSURANCE (CONTINUED)

Long-term Expected Rate of Return

Assets of the plans are pooled for investment purposes and are allocated to each plan based on each plan's fiduciary net position. The long-term expected rate of return on the plans' investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major class of assets. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the target asset allocation as of June 30, 2021are summarized in the following table:

	Long-term expected
Asset class	real rate of return
Public equities	6.0%
Real estate	5.2%
Traditional credit	3.2%
U.S. government securities	2.3%

Discount Rate

The discount rate used to measure the collective total OPEB liability was 6.5% for 2021. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and non-employer entity contributions will be made at contractually required rates, actuarially determined. Based on these assumptions, the fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

OPEB Expense

For the year ended June 30, 2022, the Town recognized OPEB expense of \$305 related to the SET Plan and recognized revenue of \$305 for support provided by the State.

OPEB Plan Fiduciary Net Position

The MPERS fiduciary net position has been determined using the same basis used to determine the net OPEB liability, deferred outflows and inflows of resources related to OPEB, and OPEB expense. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Therefore, benefit and administrative expenses are recognized when due and payable. Investments are reported at fair value.

Detailed information about the MPERS fiduciary net position is available in a separately issued MPERS financial report. That report may be obtained on the MPERS website at www.mainepers.org.

NOTE 16. OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN OBLIGATIONS – HEALTH INSURANCE - MEABT

Plan Description

The Town's School Department offers a post-retirement benefit plan providing health insurance to retiring employees. The State sponsors a single-employer defined benefit OPEB plan administered by the Maine Education Association Benefits Trust (MEABT). The State Legislature has the authority to establish and amend the benefit terms and financing requirements. No assets are accumulated in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions.

Plan Membership

At June 30, 2021, membership consisted of::

Inactive members currently receiving benefits	28
Inactive members entitled to but not yet receiving benefits Active employees	- 91
Active employees	_81
Total	109

Benefits Provided

Healthcare insurance benefits are provided for retirees and their dependents. The employee must have participated in the MEABT health plan for the 12 months prior to retirement, and have 10 years of continuous active service and enrollment in the health plan (under age 50), or 5 years of continuous active service and enrollment in the health plan (age 50 or above), in order to be eligible for postretirement benefits. The retiree is eligible for a State subsidy of 55% of the blended single premium for the retiree only. Under State law, the blended premium is determined by blending rates for active members and retired members. The retiree pays 45% of the blended premium rate for coverage elected. Spouses must contribute 100% of the blended premium amounts. Thus, the total premium is paid for by both the State and the retiree (and/or spouse).

Net OPEB Liability

The Department's total Plan OPEB liability of \$1,636,580 was measured as of June 30, 2021, and was determined by an actuarial valuation as of that date.

NOTE 16. OTHER POST-EMPLOYMENT BENEFIT (OPEB) PLAN OBLIGATIONS - HEALTH INSURANCE - MEABT (CONTINUED)

Actuarial Assumptions

The total OPEB liability in the June 30, 2021 actuarial valuation for the Plan was determined using the following actuarial assumptions:

Actuarial valuation date	June 30, 2021
Measurement date	June 30, 2021
Actuarial cost method	Entry age normal
Assumptions	
Inflation rate	2.00%
Annual salary increases	2.80%-13.03%
Healthcare cost trend rates - non-Medicare	6.21% in 2021
decreasing to	3.25% in 2040
Healthcare cost trend rates – Medicare	0.00% in 2021
increasing to	3.25% in 2040

Mortality rates for the Plan were based on the 2010 Public Plan Teacher Benefits Weighted Retiree Mortality Table.

The actuarial assumptions used in the June 30, 2021 valuation are the teacher assumptions that were used by the Maine Public Employees Retirement System State Employee and Teacher Retirement Program valuation at June 30, 2021 and are based on the experience study covering the period June 30, 2015 through June 30, 2020.

Discount Rate

Using the Bond Buyer 20-Bond GO Index, the discount rate used to measure the total OPEB liability was 2.16%. This rate is assumed to be an index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher for pay as you go plans.

Changes in Total OPEB Liability

·	Total OPEB Liability
Balance, beginning of year	\$ 1,599,824
Changes for the year:	
Service Cost	26,276
Interest	35,525
Changes of benefit terms	-
Differences between expected and actual experience	-
Changes in assumptions	12,444
Benefit payments	(37,489)
Net changes	36,756
Balance, end of year	\$ 1,636,580

NOTE 16. OTHER POST-EMPLOYMENT BENEFIT (OPEB) PLAN OBLIGATIONS – HEALTH INSURANCE - MEABT (CONTINUED)

Discount Rate and Healthcare Rate Sensitivity Analysis

The following is a sensitive analysis of the total OPEB liability to changes in the discount rate and the healthcare cost trend rate. The table below presents the total OPEB liability calculated using the discount rate of 2.16% as well as what the OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

 1% decrease
 Current rate
 1% increase

 Total OPEB liability
 \$1,916,072 \$1,636,580 \$1,411,202

The table below presents the total OPEB liability of the School Unit calculated using the healthcare rates disclosed above as well as what the total OPEB liability would be if it were calculated using a healthcare rate that is one percentage point lower or one percentage point higher than the current rate:

	<u>1% decrease</u>	<u>Current rate</u>	<u>1% increase</u>
Total OPEB liability	\$1,383,384	\$1,636,580 \$1,9	956,315

For the year ended June 30, 2022, The Department recognized OPEB expense of \$81,288 related to the Plan. At June 30, 2022, The Department reported deferred outflows of resources and deferred inflows of resources related to the Health Plan from the following sources:

	Deferred	Deferred
	Outflows of	Inflows of
	Resources	Resources
Differences between expected and actual experience	\$ -	\$ 75,291
Changes in assumptions	223,845	26,127
Contributions paid subsequent to the measurement date	<u>47,660</u>	<u>-</u>
Total deferred outflows and inflows of resources	<u>\$ 271,505</u>	<u>\$101,418</u>

\$47,660 reported as deferred outflows related to pensions resulting from Department contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred inflows and outflows will be recognized as pension expense as follows:

Year ended June 30:	
2023	\$ 19,487
2024	19,487
2025	19,484
2026	28,198
2027	17,108
Thereafter	<u> 18,663</u>
Total	\$ 122,427

NOTE 17. OTHER POST-EMPLOYMENT BENEFIT (OPEB) PLAN OBLIGATIONS – HEALTH INSURANCE - MMEHT

Plan Description

The Town sponsors a post-retirement benefit plan providing health insurance to retiring employees (hereafter referred to as the Health Plan). The plan is a single-employer defined benefit OPEB plan administered by the Maine Municipal Employees Health Trust (MMEHT). The Town Council has the authority to establish and amend the benefit terms and financing requirements. No assets are accumulated in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions.

Changes in the discount rate affect the measurement of the Total OPEB Liability (TOL). Lower discount rates produce higher TOL and higher discount rates produce a lower TOL. The table below shows the sensitivity of the TOL to the discount rate.

Plan Membership

At June 30, 2021, the following employees were covered by the Health Plan benefit terms:

Inactive employees currently receiving benefits	-
Inactive employee entitled to but not yet receiving benefits	-
Active employees	<u>12</u>
Total	12

Benefits Provided

Under the Health Plan, MMEHT provides healthcare and life insurance benefits for retirees and their dependents. Town employees over the age of 55 with 5 years of continuous service are allowed to participate in the plan. Retirees that are designated in a plan pay 100% of the single coverage premium and 100% of the family coverage premium. For those Town employees eligible for Medicare (post-65 Retiree Plan), the plan is offered in conjunction with Medicare Parts A and B and the Companion Plan B.

Contributions

Retirees and/or their spouses participating in the Health Plan are responsible for 100% of the premium for coverage selected.

NOTE 17. OTHER POST-EMPLOYMENT BENEFIT (OPEB) PLAN OBLIGATIONS -- HEALTH INSURANCE -- MMEHT (CONTINUED)

Actuarial Assumptions and Other Inputs

The total Health Plan OPEB liability was measured as of January 1, 2022 and was determined by an actuarial valuation as of that date. The actuarial assumptions used in the January 1, 2022 valuation were based on the assumptions that were adopted by the Maine State Retirement Consolidated Plan for Participating Local Districts as of June 30, 2022 and based on the experience study covering the period from June 30, 2016 through June 30, 2020.

The total Health Plan OPEB liability in the January 1, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs applied to all periods in the measurements, unless otherwise specified:

Discount rate Healthcare cost trend rates	2.06% per annum in 2022 and 2.12% per annum in 2021
Pre-Medicare medical	6.25%
Pre-Medicare drug	13.10%
Medicare medical	5.00%
Medicare drug	9.90%
Administrative and claims expense	3.00% per annum
Salary increase rate	2.75% per annum

The mortality rates are based on 112.1% and 118.5% of 2010 public plan-General Benefits-weighted Healthy retiree mortality table, respectively, for males and females.

Discount Rate

Since the plan is pay-as-you-go and is not funded, the discount rate was based on a 20-year, tax-exempt general obligation municipal bond index. This rate is assumed to be an index rate for 20-year, tax-exempt general obligation bonds with an average rating of AAAa or higher, for pay-as-you-go plans.

Discount Rate and Healthcare Rate Sensitivity Analysis

The following presents the total OPEB liability of the Town if it were calculated using a discount rate that is one percent higher or lower than the current discount rate:

	1% Decrease	Current Rate	1% Increase
Total OPEB Liability	\$ 86,083	\$ 72,503	\$ 61,501

The following presents the total OPEB liability of the Town if it were calculated using a healthcare cost trend rate that is one percent higher or lower than the current healthcare cost trend rate:

	1% Decrease	Current rate	1% Increase
Total OPEB Liability	\$ 60,176	\$ 72,503	\$88,447

NOTE 17. OTHER POST-EMPLOYMENT BENEFIT (OPEB) PLAN OBLIGATIONS – HEALTH INSURANCE – MMEHT (CONTINUED)

Changes in the Total Health Plan OPEB Liability

	Total OPEB Liability
Polones haginging of year	© 00.420
Balance, beginning of year Changes for the year:	<u>\$ 98,139</u>
Service Cost	8,042
Interest	2,250
Changes of benefit terms	-
Differences between expected and actual experience	(26,034)
Changes in assumptions	(9,814)
Benefit payments	(80)
Net changes	(25,636)
Balance, end of year	<u>\$ 72,503</u>

Change in assumptions reflects a change in the discount rate from 2.12% to 2.06%.

For the year ended June 30, 2022, The Town recognized OPEB expense of \$8,842 related to the Health Plan. At June 30, 2022, The Town reported deferred outflows of resources and deferred inflows of resources related to the Health Plan from the following sources:

	Deferred	Deferred
	Outflows of	Inflows of
	Resources	Resources
Differences between expected and actual experience	\$ 1,717	\$28,566
Changes in assumptions	24,784	12,609
Contributions made subsequent to measurement date	400	<u>-</u>
Total deferred outflows and inflows of resources	\$ 26,901	\$41,175

\$400 reported as deferred outflows related to OPEB resulting from Town contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2023. Other amounts reported as deferred inflows and outflows will be recognized as OPEB expense as follows:

Year ended June 30:	
2023	\$ (1,450)
2024	(1,450)
2025	(1,450)
2026	(1,453)
2027	(2,975)
Thereafter	(5,896)
Total	\$(14,674)

NOTE 18. PARTICIPATION IN PUBLIC ENTITY RISK POOL

The Town is exposed to various risks of losses related to torts, theft, damage, and destruction of assets, injuries to employees, and natural disasters. The Town maintains membership in various risk pools to mitigate these risks to an acceptable level and to limit the Town's exposure to losses.

The Town is a member of the Maine Municipal Association - Worker Compensation Trust Fund ("Fund"). The Fund was created to formulate, develop and administer a program of modified self-funding for the Fund's membership, obtain lower costs for worker's compensation coverage and develop a comprehensive loss control program. The Town pays an annual premium to the fund for its worker's compensation coverage. The Town's agreement with the Fund provides that the fund will be self-sustaining through member premiums and will provide, through commercial companies reinsurance contracts, individual stop loss coverage for member Town's for claims in excess of \$500,000 with an excess limit of \$2,000,000.

The Town is also a member of the Maine Municipal Association - Property and Casualty Pool ("Pool"). As with the Fund above, the Pool was created to obtain lower rates for its members. The Town pays an annual premium for its property and liability coverage. Under the property coverage portion of the Pool, coverage is provided after the deductible is met, to \$2,000,000. Under the liability portion of the Pool, coverage is provided after the deductible is met, to \$1,000,000.

The Town is also a member of the Maine Municipal Association - Unemployment Compensation Fund ("Fund"). The fund was created to formulate, develop and administer a program of modified self-funding for the Fund's membership, obtain lower costs for unemployment compensation coverage and develop a comprehensive loss control program. The Town contributes to MSMA based on the first \$12,000 of wages for unemployment compensation. Each member has its reserve, which is determined by the actuary. The annual rate set by the Fund's actuary is based on the member's reserve and on estimated future claims. Each member is responsible for its own excess of claims over reserve.

The School Department is a member of the Maine School Management Association - Unemployment Compensation Trust Fund ("MSMA"). MSMA was created to formulate, develop and administer a program of modified self-funding for MSMA's membership, obtain lower costs for unemployment compensation coverage and develop a comprehensive loss control program. The School Department contributes to MSMA based on the first \$12,000 of wages for unemployment compensation. Each member has its reserve, which is determined by the actuary. If the reserve is higher than is determined by the actuary, excess contributions are returned to the member. The annual rate set by MSMA's actuary is based on the member's reserve and on estimated future claims. Each member is responsible for its own excess of claims over reserve.

NOTE 19. TAX ABATEMENTS

The Town enters into property tax abatement agreements with local businesses under Title 30-A Chapter 206 Development Districts, Subchapter 1, Development Districts for Municipalities and Plantations and Subchapter 3, Municipal Affordable Housing Development Districts. Under this law, municipalities may grant property tax abatements of up to 100 percent of a business' property tax bill for the purpose of attracting or retaining businesses within their jurisdictions. The abatements may be granted to any business located within or new job creation in the Town. IMK Properties received a 29 percent property tax abatement for the construction of a new multi-use building. Machias Savings Bank received a 41 percent property tax abatement for undertaking the renovation and rehabilitation of a building and parking in the Town and for a training facility. For the fiscal year ended June 30, 2022, the Town abated property taxes totaling \$36,967 under this program, including the following tax abatement agreement.

NOTE 20. DEFICIT FUND BALANCE

The Town has a deficit fund balance of \$14,426 in its other governmental fund – school lunch. The Town plans to address this deficit in future budgets.

NOTE 21. CONTINGENCIES

With regard to pending legal claims or any unasserted claims, it is not feasible at this time to predict or determine their outcome. Management believes, however, that settlement amounts, if any, will not have a material adverse effect on the Town's financial position.

The Town participates in various intergovernmental grant programs which may be subject to future program compliance audits by the grantors or their representatives. Accordingly, the Town's compliance with applicable grant requirement may be established at some future date. The amount, if any, of any liabilities arising from the disallowance of expenditures or ineligibility of grant revenues cannot be determined at this time.

NOTE 22. ENVIRONMENTAL LIABILITIES

The Town was fined by the Department of Environmental Protection \$22,987 for a wastewater discharge violation which occurred on June 12, 2013. This liability has been recorded in both the government-wide and the fund financial statements.

NOTE 23. JOINTLY GOVERNED ORGANIZATION

The Town and various entities in the region jointly operate a vocational education school. A separate legal entity known as Coastal Washington County Institute of Technology was established by State law and is governed by an eighteen-member board, of which two members represents the Town. Complete financial statements for CWCIT can be obtained from Coastal Washington County Institute of Technology; 192 Court St., Machias, ME 04654-1205.

NOTE 23. SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 2, 2024, the date on which the financial statements were available to be issued. The Town's school department was approved after year end for a \$454,750 revolving renovation fund program bond to cover renovations to a school. \$306,592 of this bond will be forgiven.

Report on Compliance With the Requirements of the Maine School Finance Act

Board of Selectmen Town of Machias. Maine

We audited the financial statements of Town of Machias, Maine as of and for the year ended June 30, 2022, and have issued our report thereon dated July 2, 2024.

The management of Town of Machias, Maine is responsible for the Town's compliance with laws and regulations. In connection with the audit referred to above, we selected and tested transactions and records to determine the Town's compliance with laws and regulations, noncompliance with which could have a material effect on the financial statements of Town of Machias, Maine.

Title 20-A Sec 6051 requires certain written assurances with respect to school audits. Our audit of compliance with laws and regulations consisted of, at a minimum, the following:

- The audit has been conducted in accordance with applicable state and federal laws relating to financial and compliance audits as indicated in federal Office of Management and Budget circulars.
- 2. Budgetary controls were in place.
- 3. A determination of whether or not the annual financial data submitted to the department is correct.
- 4. A determination of whether or not the School Department has exceeded its authority to expend funds as provided by the total budget summary article.
- 5. The School Department has complied with applicable provisions of the Essential Services and Program Funding Act.
- 6. A determination of whether the School Department has complied with the applicable provisions of the unexpended balances requirements established under Section 15004.
- 7. The School Department has complied with transfer limitations between budget cost centers pursuant to section 1485, subsection 4.
- 8. The School Department has complied with budget content requirements pursuant to section 15693, subsection 1 and cost center summary budget format requirements pursuant to sections 1305C, 1485, 1701C and 2307.

The results of our tests indicate that, for the items tested, Town of Machias, Maine complied with those provisions of Maine laws and regulations. Nothing came to our attention that caused us to believe that, for the items not tested, Town of Machias, Maine was not in compliance with Maine laws and regulations.

Town of Machias, Maine Notes to Schedule of Expenditures of Federal Awards Year ended June 30, 2022

PURPOSE OF THE SCHEDULE

The Uniform Guidance requires a Schedule of Expenditures of Federal Awards showing total expenditures for each federal award program as identified by a Federal Assistance Listing number.

SIGNIFICANT ACCOUNTING POLICIES

1. REPORTING ENTITY

The accompanying schedule includes all federal award programs of the Town for the fiscal year ended June 30, 2022. The reporting entity is defined in the Notes to the Financial Statements of Town of Machias, Maine.

2. BASIS OF PRESENTATION

The information in this schedule is presented in accordance with the requirements of requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

- a. Pursuant to the Uniform Guidance, federal financial assistance is defined as assistance provided by federal agency, either directly or indirectly, in the form of grants, contracts, cooperative agreements, loans, loan guarantees, property, interest subsidies, insurance or direct appropriations.
- b. The Uniform Guidance establishes the level of expenditures to be used in defining major federal financial award programs. Major programs for the Town have been identified in the Schedule of Findings and Questioned Costs

3. BASIS OF ACCOUNTING

The information presented in the Schedule of Expenditures of Federal Awards is presented on a basis consistent with the Town's general-purpose financial statements. The grants included are all accounted for on a modified accrual basis of accounting which is described in the notes to the general-purpose financial statements.

4. INDIRECT COST RATE

The Town has not elected to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

5. NONCASH AWARDS

The amount of \$15,166 is reported on the schedule as the value of commodities received by the Town during the current year and priced as prescribed by USDA and is included in the National School Lunch Program total.

6. CHILD NUTRITION CLUSTER

The Town commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the Town assumes it expends federal monies first.

Town of Machias, Maine Notes to Schedule of Expenditures of Federal Awards (Continued) Year ended June 30, 2022

7. CLEAN WATER STATE REVOLVING LOAN FUND- DEP

The Town had \$371,750 outstanding on bond payable which is funded by federal awards at June 30, 2022. Of this total, \$87,654 is unspent bond proceeds held by the Maine Municipal Bond Bank to be drawn down as the funds are expended.

8. GRANT TRANSFERS

As described in the U.S. Department of Education Cross-Cutting Section, sections III.A.3, Activities Allowed or Unallowed – Transferability (SEAs and LEAs) and IV.3. Other Information – Transferability of the 2022 OMB Compliance Supplement, expenditures of funds should be included in the audit universe and total expenditures of the receiving program. For fiscal year 2022, the Town transferred Title IV, Part A (AL 84.424) expenditures to its Title I, Part A (AL 84.010) and Title II, Part A (AL 84.367) programs as submitted to the State of Maine Department of Education in its consolidated application and as denoted on the Schedule of Expenditures of Federal Awards. As such, Title IV, Part A (AL 84.424) expenditures were included as part of Title I, Part A (AL 84.010) and Title II, Part A (AL 84.367).

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Board of Selectmen Town of Machias, Maine

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Town of Machias, Maine as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Town of Machias, Maine's basic financial statements and have issued our report thereon dated July 2, 2024.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Town of Machias, Maine's internal control over financial reporting (internal control) as a basis for designing audit procedures, that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Town of Machias, Maine's internal control. Accordingly, we do not express an opinion on the effectiveness of Town of Machias, Maine's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, we identified a certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We did identify a certain deficiency in internal control that we consider to be a material weakness which is described in the accompanying schedule of findings and questioned costs as item #2022-001.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Town of Machias, Maine's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* which is noted in the accompanying schedule of findings and questioned costs as item #2022-002.

We noted certain other matters that we have reported to management of Town of Machias, Maine, in a letter dated July 2, 2024.

Town of Machias, Maine's Response to Findings

Town of Machias, Maine's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Town of Machias, Maine's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance For Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

Board of Selectmen Town of Machias, Maine

Report on Compliance for Each Major Federal Program

Opinion on Each Major Program

We have audited Town of Machias, Maine's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Town of Machias, Maine's major federal programs for the year ended June 30, 2022. Town of Machias, Maine's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Town of Machias, Maine complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Town of Machias, Maine and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance with each major federal program. Our audit does not provide a legal determination of Town of Machias, Maine's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Town of Machias, Maine.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Town of Machias, Maine's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Town of Machias, Maine's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and
 perform audit procedures responsive to those risks. Such procedures include examining, on a test
 basis, evidence regarding Town of Machias, Maine's compliance with the compliance requirements
 referred to above and performing such other procedures as we considered necessary in the
 circumstances.
- Obtain an understanding of Town of Machias, Maine's internal control over compliance relevant to the
 audit in order to design audit procedures that are appropriate in the circumstances and to test and
 report on internal control over compliance in accordance with the Uniform Guidance, but not for the
 purpose of expressing an opinion on the effectiveness of Town of Machias, Maine's internal control
 over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items #2022-002. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on Town of Machias Maine's response to the noncompliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. Town of Machias Maine's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Town of Machias, Maine Schedule of Findings and Questioned Costs (Continued) Year ended June 30, 2022

Section II — Financial Statement Findings

#2022-001

Criteria or specific requirement

Condition

Internal control over financial reporting and closing process.

The Town and the School department needs to implement additional controls over year end closing procedures and the preparation of the financial statement. The lack of which results in material audit adjustments. Reconciliations required for financial statement preparation and information required for conversion of fund financial statements to government-wide financial statements and other adjusting entries are not always being

performed appropriately and effectively.

Context The overall year-end financial closing process and reconciliations to financial

statements are not being performed timely and additionally the School department maintains independent accounting records, however, additional

adjustments were needed to reconcile these sets of records.

Effect The Town may not be able to identify an error or misstatement in the financial

statements.

Cause Lack of year end reconciliations and analysis of the overall reporting

requirements including a lack of maintaining appropriate subsidiary records

for year-end adjusting entries.

Recommendation The Town should establish a system of control and records at year end as

well as throughout the years to ensure these records are in agreement and financial statements are adjusted appropriately. The Town will need to take additional time in the year end closing process to identify any errors or

misstatements in its own financial statements.

Management's response The Town will put in place a process for more accurate year-end closing and

financial statement preparation. Management will work with the auditor to

identify and correct problematic areas.

Section III — Federal Award Findings and Questioned Costs

#2022-002

Information on federal

programs

Reporting of year ended June 30, 2021 audit reporting package to Federal

Audit Clearinghouse

Pass-through entity

Finding type

State of Maine Department of Education

Compliance

Criteria or specific requirement (including statutory, regulatory or

other citation) Condition Uniform Guidance 2 CFR 200.512(a): The audit package and the data collection form shall be submitted 30 days after receipt of the auditor's report(s), or 9 months plus 6 months extension after the end of the fiscal

year —whichever comes first.

The school department did not complete its corrective action plan in time to

timely submit the reporting package to the federal audit clearinghouse.

Cause and effect This specific timing requirement was not fully understood at time of audit report

release for fiscal year ended June 30, 2021.

Town of Machias, Maine Summary Schedule of Prior Audit Findings Year ended June 30, 2022

#2021-001

Condition

The Town needs to implement additional controls over year end closing procedures and the preparation of the financial statement. The lack of which results in significant audit adjustments. Reconciliations required for financial statement preparation and information required for conversion of fund financial statements to government-wide financial statements and other adjusting entries are not always being performed appropriately and effectively.

The Town did not fully correct.
