further development of the municipal budget. She noted that up to the current
national Coronavirus pandemic the Board had made good progress in budget
development. Ms. Therrien suggested holding a budget meeting on 4/29/20 at
2:00 PM and holding the third-party request meeting on 4/20/20 at 4:00 PM. The
members of the Board discussed the dates and agreed to schedule the budget
meetings as suggested. Ms. Therrien advised that she would involve the two
members of the budget committee using social distancing in the town office.

6. ELECTION AND TOWN MEETING DATES

Ms. Therrien advised the Board that the state election has been re-scheduled to
July 14th; she suggested that the Board would want to align the local election
with the state schedule. The Board agreed that municipal elections will take
place on July 14th and the annual town meeting will be held on July 15th. Mr.

10. WATER REPORT SAMPLES AND PFOS/PFAS

Mr. Whalen advised the other members of the Board that he contacted a consultant with the State on testing the town’s water who recommended that he contact a water quality firm to perform an analysis of a water sample. It was noted that there is still a question as to why there is evidence of PFAS present in sewer wastewater. Mr. Rolfe and Mr. Kitchen expressed appreciation to Mr. Whalen for having a sample of the town’s water analyzed. Ms. Therrien suggested that Mr. Whalen and Mr. Pellon be reimbursed for the cost of the sample analysis.

Mr. Jackson commented that the contractor who provided a less detailed bid was dependable and would do a good job. The Board discussed how to proceed.
On a motion by Bill Kitchen, seconded by James Jackson, the Board VOTED:
Based on clarification that the low bidder would install like materials and detailing, to award the bid to the low bidder contingent on the contractor agreeing to the specifications outlined in the request for bids.
