Ms. Therrien explained that in his letter Mr. Talbot notes that he reviewed the purchase/sale agreement and the property title for the property; she noted that Mr. Talbot’s one concern was “when payoff is tendered to Bar Harbor Bank & Trust, the inquiry should be made as to whether the off locus collateral should be released as well.” She noted that Mr. Talbot saw no other concerns.

Mr. Pellon asked for information on the sale price for the property; he also noted that there is some misinformation circulating as to who is purchasing the property and with what monies. Mr. Rolfe asked if Mr. Farley had been consulted; Ms. Therrien said that she had not, as yet, discussed this request with Mr. Farley. Mr. Kitchen noted his support since this would provide a convenience to taxpayers since losing the redemption center and assists in rebuilding the scouting program. Ms. Johnson-Rolfe commented that she supports the concept of the redemption box. She also noted that the Board would have to be open to consider comparable requests from other organizations, as well. It was the consensus of the Board to allow placement of the redemption box with the troop working with the Transfer Station Director.

9. REQUEST FOR STREETLIGHT

Ms. Therrien informed the members of the Board that a person who works in the downtown area, Lee Rose, called the MDOT requesting a stoplight be placed in the downtown area that would replace a crosswalk that the MDOT will not be replacing (extending across Main Street to the Freshies store). Ms. Therrien explained that an MDOT representative then contacted her to discuss the issue. Mr. Kitchen noted that requests such as this open up a push for other sites in town to be covered by pedestrian signs/signs. Ms. Therrien advised the Board that the MDOT maintains that the area does not meet requirements for a stoplight but that they would consider a request from Machias for placement of a stoplight. Mr. Kitchen noted that the MDOT would do an analysis of the need for the stoplight. Ms. Johnson-Rolfe noted her confusion as to what is being asked for by the person who contacted the MDOT; Ms. Therrien noted that the request is for placement of a stoplight. Ms. Therrien advised the Board that the MDOT is waiting for a call-back from her to see if the Board wants the MDOT to conduct a traffic analysis study in that area of Machias. The Board discussed the request for a stoplight at length.

On a motion by James Whalen, seconded by Bill Kitchen, the Board

VOTED:

To seek advise though formal input from citizens at a public hearing to see if the Board should proceed with a request for the placement of a stoplight on Main Street.

Mr. Jackson commented on the need to seek clarification from citizens on crosswalks and/or a crossing light on Main Street. Ms. Johnson-Rolfe commented that a stoplight would cause major traffic congestion all the way up to the college hill area. Mr. Jackson asked where funding for lights would come from. Ms. Therrien said that she thought that the MDOT would pay for a light at no cost to the Town. Ms. Therrien noted that this is the type of question that would be addressed in the downtown comprehensive plan which has public input as an essential part of future planning.
10. APPOINTMENTS - AIRPORT COMMITTEE & DOWNTOWN REVITALIZATION COMMITTEE

Members of the Board noted the need for the police department to increase monitoring activities in this
area of town. Ms. Therrien said that she would reiterate to the Police Chief that the Board wants this area of town to be patrolled as much as possible for speeding problems. Ms. Therrien advised the Board that spending for winter sanding/salting activities significantly increased this past winter due to the type of road conditions experienced. It was the consensus of the Board to have the over-expenditure covered by funding from the town's undesignated fund balance.

20. NIGHT LIGHTS AT RECREATION/SCHOOL FIELDS

Mr. Whalen pointed out that use of the recreational areas in town has become very popular and he suggested formation of a committee to look at baseball/soccer activities in town.

Mr. Scott Reynolds discussed lighting at the Southside Field with the Board and the increasing use of the field for recreational activities. Mr. Reynolds discussed needed improvements to the school's baseball/soccer field to allow greater use of the facility. He advised the Board that five contractors are willing to install drainage on the field at no cost to the Town. Mr. Reynolds said that a group of people have raised $50,000. to fund these needed improvements. Mr. Whalen asked if there would be no cost to the town and Mr. Reynolds assured the Board there would be no cost to the Town. Ms. Therrien noted some caution in proceeding with the improvements; she recommended that Mr. Reynolds discuss these plans with the Superintendent of Schools before implementation.

On a motion by Paula Johnson-Rolfe, seconded by James Jackson, the Board
VOTED:

To approve the project for the baseball/soccer field as long as the plan conforms to all rules and regulations for construction of certified fields and that Superintendent of Schools Scott Porter supports the project with no cost to Machias taxpayers and that all contractors show proof of liability insurance coverage.

Mr. Whalen asked Mr. Reynolds to call Mr. Porter to advise him of the Board’s discussion and motion for improving the field’s conditions.
